MEDIA RELEASE

WINCHESTER AVIATION EARNS PREFERRED FBO DESIGNATION

WINCHESTER, VA – May 1, 2020: The Winchester Regional Airport Authority is proud to announce that Winchester Aviation, the business that offers fuel delivery and aircraft services, has won its bid to become a “Preferred FBO” within the Corporate Aircraft Association (CAA) network. CAA negotiates competitive pricing for fuel and services at airports across the country. Its members consist of turbine aircraft users who operate exclusively under Part 91 operating rules. CAA allows only one Preferred FBO per airport, and is selected through a member voting process.

“At the Winchester Regional Airport, our customers’ priorities, such as reducing operating costs, are central to everything we do. Joining the CAA network is another way we demonstrate our commitment to this core value,” said Executive Director Nick Sabo. The contract with CAA begins May 1, 2020 and is valid for 3 years.
